

Who are we?:

Second Chance School from the city of Gijón is a social and educative resource that seeks the improvement of **young people between 14-25 years old** under difficulties, with the increase of their personal motivation and improving their learning capacity, knowledge and social abilities.

The E20 targets are:

- **Prevention of school failures and dropout.** The school collaborates with the regulated education system of the city.
- **Educative formal amendment** in order to facilitate obtaining the General Certificate of Secondary Education or the access to several vocational trainings and therefore, achieving a better labour insertion.
- Foster the **professional integration** through several training programs.
- **Promotion** of the young students involvement in different leisure, cultural and sports activities.

E20

It is oriented towards...

Young people with difficulties who want to rejoin the socio-educative sphere and fulfill the following requirements.

- People between 14 and 25 years old.
- Living in the city of Gijón.

Specifically:

School students enrolled in E.S.O (General Certificate of Secondary Education) **or F.P** (Vocational training) going through difficulties in overcoming in a successful way this cycle of education, for which the E20 provides available resources in order to prevent failure or dropout.

Young people who have left the school system and require guidance and an individual mentoring that prepares them to return to any of the existing educative resources (regulated or training) or to the access to the labour market.

It works with the aim of providing an educational amendment to access to socioeducative and/or labour market resources.

The activities carried out by the E20:

Education field

School-support workshops at every levels of E.S.O (General Certificate of Secondary Education). Training for Prueba Libre (Free Test) exams of E.S.O (General Certificate of Secondary Education) and Grado Medio (Intermediate Grade). Spanish language for foreign people, English, Basic Competences, and Studying Skills for getting the Certificate of Proficiency.

Workshops about training / labour counselling

Individual counselling.

Relational, health, autonomy and participation sphere

Artistic performance workshops like painting, graffiti, photography, sports, dance and leather goods.

Workshops that promote healthy patterns and the development of their autonomy: cooking, social skills, sport, "Conoce tu ciudad" (Get to know your city) and Cine Forum.

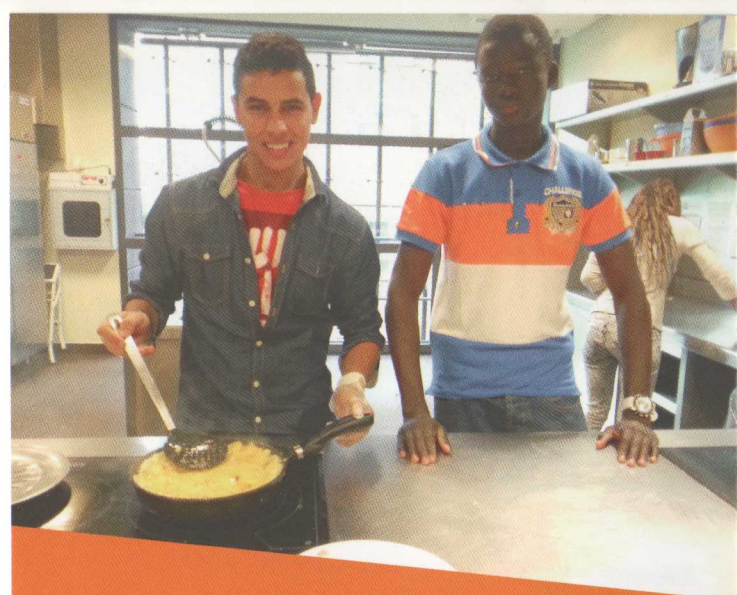

European Field

The E20 is a member of the European Second Chance School network since 2002. Participation in Youth Annual Summits and technical teams.

Involvement in European projects within the frame of the Lifelong Learning Program (Grundtvig initiative) and Erasmus +.

E20

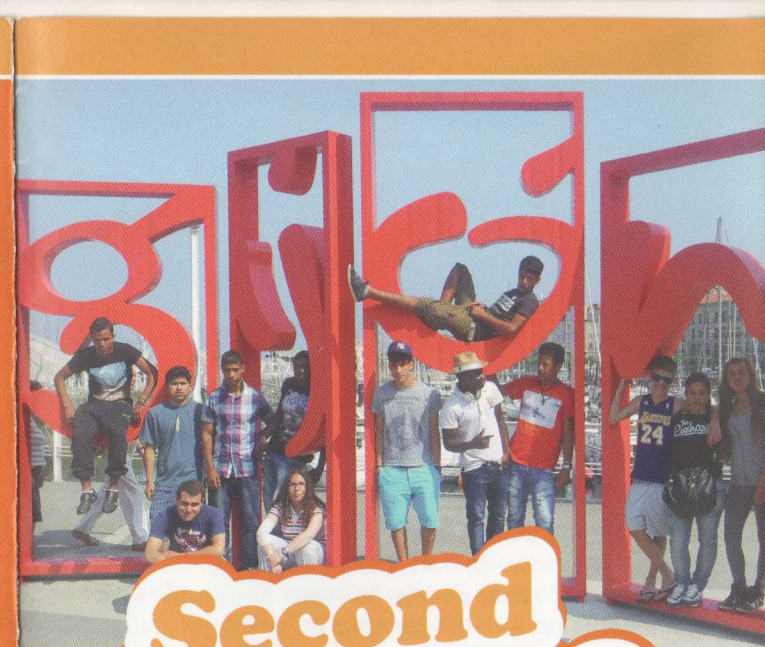

The way we work:

Second Chance School focuses on:

- Development of **tailor-made itineraries** that are included in a work plan carried out with each young student in collaboration with partner resources.
- Orientation and personal advising.
- Special emphasis on “**key competences**”, motivation, autonomy, compliance of the rules and timetables.
- **Limited groups:** no more than ten students per workshop/activity.
- **Use of new technologies:** rooms equipped with computers and multimedia resources.
- **Language learning:** There is a possibility for the students to travel abroad and visit some European countries.

The E20 is a resource open all around the year. Those young people who are interested can be incorporated at any time. During their time within the program the students are heeded with special attention. They can also take part in any of the activities.

It is a **voluntary resource** which necessarily involves the personal commitment of the young students to achieve both the optimization of their employment / training itineraries and also the improvement of proactive attitudes that facilitate the acquisition of their goals.

Second Chance School

If you are between **14 and 25 years old and feel a bit lost... E20**
