There will be a space for papers and comments in English <https://www.unioviedo.es/cylaei/en/documents/>

And another space for papers and comments in Spanish <https://www.unioviedo.es/cylaei/documentos/>

Each paper has its own space for discussion. It is necessary that all authors, especially on July 1, respond to questions about their contributions.

In order to make the virtual debate more dynamic, it is highly recommended that authors participate by posting questions in the discussion spaces of other contributions.
